C'mon, c'mon
C'mon, c'mon

It's you, all over my skin
Taking invisible streets
To the fake place
Where we win yeah yeah
Watch me now
From the back of the room
Just don't touch me with
Your bare hands
Whatever you do

I wanna burn baby burn
Baby black and blue
Burn it baby, burn it baby
Burn with the truth
Ask you what the fuck
What the fuck, what the fuck
What the fuck did they do to you?
(Come on)
(Who needs a beat when the beat just goes)

I gotta tell you somethin'
I gotta tell you somethin'

Your palm, the back of my neck
It means more than any porn
I wanna forget
(Maybe baby I just wanna forget)
I'll say somethin' wrong
Say somethin' wrong, wrong right
Say it so wrong
Say it wrong, say it right
Just stay here and be with me for real
Stay in your body tonight

I'll be your mama, your sister
I'll be your fuckin' dad
I'll be the best little baby
That you ever had had
'Cuz I got more tongues

Than just this one
Yeah, yeah, yeah, yeah
(Come on)
(Who needs a beat when the beat just goes on, goes
on, goes on)

I've got to go now
I've got to go now
