Maybe I like you
Maybe I do
Oooh Ooooh Ooooh

Maybe I found something real
I just don't know if was I wrong to trust anyone
Tell me, tell me
Did you tell them everything I said?
Did you tell them everything?
Did you tell them everything I said?
Did you tell them everything I said?

Why don't you tell them?
Did you get a good laugh?
Tell me was it good was it good?
Was it good?
Was it good for you?
Did you win that race?
Did you score that point?
Oh yeah you're so fucking cool, fucking cool
Now did ya, did ya, did ya, did ya, did ya, did ya, did
ya, did ya, did ya, did ya, did ya, did ya?
Go tell your fucking friends
What I thought and how I felt
How punk fucking rock
My pussy smells
Now did you tell them?

I don't care. I don't care. I don't care. I don't care.
I really, really don't know

Maybe I like you
Maybe I do
Ooooh Ooooh Ooo
