Another night of maybe and almost  
Abandoning a land of passin' ghosts

Just a lot of sad people forgive them Lord  
They don't care what they do  
Or who they do it to  
At the dog and pony show

They don't wanna know

To think I could have stayed home  
Instead of watching this ugly lust and ordinary dirt  
But no one cares, so nobody gets hurt

Just a lot of sad people forgive them Lord  
They don't care who they do  
Or what it does to you  
At the dog and pony show  
They don't wanna know  
They're doing some blow

They all stand in line and take their chances  
Roping all their robot dances

Dying to get off  
There's a lot of pretty girls here looking tight  
They're not good girls  
But they're good for the night  
They're telling me to buzz off  
Well that's okay, cause I never liked them anyway

It's no place for a mongrel mutt like me  
Mating rights go to the best of breed

Just a lot of sad people  
Caught in between  
Desire and despair  
I guess I'll see you there  
At the lost and lonely  
Dog and pony show

They don't wanna know

They don't wanna know  
They don't wanna know  
So afraid and alone
