In the world of man in the great rat race  
Makes his speeches  
Then he does what he please  
Winners of the mosh impart their grace  
As I wallow in the mush in a doggy daze  
I live in a kennel, smells like rotten cheese  
Chums lots of flies but why should I mind  
Then I get trashed byt the ho that's my wife  
Can't get enough of kickin my hiney  
Life in the canine world  
Cats to chase and a bone to bury  
Full of doggy stench in this poo poo place  
If I get a piece of tail  
I don't want to get married  
This is just a dohouse why should I stay  
If these folks are crazy  
They try to tell me  
That they know where it's at  
I don't know maybe I'm lazy  
This is my doghouse you said I'm a dog  
I live like a dog this is my doghouse  
So now it's time to go work for the man  
I work for the man at the taco stand  
I keep on grinding like a dog always does  
No place to hide for this American dog  
This is my doughouse you said I'm a dog  
I live like a dog this is my doghouse  
When I frickin find what I'm lookin for  
I dig right in and take my place  
Maybe I seem crass and crude  
Bat a dog's got to do what a dog got to do  
This is my doghouse you said I'm a dog  
I live like a dog this is my doghouse  
I'm just a dog, I eat cat feces feel like a  
Hydrant on this doggy street  
Live in the doghouse, Everybody hates me  
I want to get laid, but everybody takes me  
I'm your dog and you're bitches
