Hey hey, what do you say?
About our state of affairs
Hey hey, what do you say?
Are you ready to go?
Go! go! go! go!
If you think that everything's ok then go on home and
lock your brain away
Are you ready? Are you ready?
Are you ready? Ready!
Hey hey, what do you say?
About our state of affairs

Hey hey, what are we for?
Are you ready for war?
Fight! fight! fight! fight!
Now's the time to defend your worthless life!
Are you going to kill, or be liked?
Are you ready? Are you ready?
Are you ready? Ready! To die?
