We must have just one example now of this next kind of music
In recent years
certain bands of mostly very Young, American Musicians
Have made a specialty of very short songs
Because the tempo is as fast as they can possibly play them
and they shout the words as fast as they can with very little concern
for whether anyone can understand them
This is a group called the Descendents
with a 15 second song called
I like Food

I like food, food tastes good!
I like food, food tastes good!
Juicy burgers, greasy fries,
Turkey legs and raw fish eyes
Teenage girls, with ketchup too!
Get out of my way, or I'll eat you
I like food, food tastes good!
I like food, food tastes good!
I'm going to turn dining
back into eating
I like food, food tastes good!
I like food, food tastes good!
