\* What do I care what you think of me  
What do you think you mean to me  
You mean nothing, can't you see  
And I don't want to smell your stinky beave  
\*\* No Fat Beaver  
No Fat Beaver  
Swear I'm gonna leave her  
Can't stand her fat beaver  
You look real nice to talk to  
But I can't stand to look at you

Stop chasing me all over the place  
And get your fucking F.B. out of my face  
\*\*

You may be the only chance I've got  
But I think I'd rather be shot  
\*  
Get away from me, you fuvking F.B.
