

Descendents "Rotting Out"

Visit "[Rotting Out](#)" on MotoLyrics.com

Shove all your problems under the rug
Then you wonder where the smell came from
Rotting out from the inside
This is your fucked up family
So many minds that nobody ever speaks
Rotting out from the inside...rotting out.
Nuclear family falling out
Winter forever in this house, they're
Rotting out from the inside
So put me out of my misery
If it ever happens to me, no

Rotting out from the inside...rotting out
Rotting out...Rotting out
Rotting out...Rotting out
Beat my head till I can speak
Not gonna let it happen to me, no
Rotting out...Rotting out
Rotting out...Rotting out
