Here in my van I can beat my small cock
Fart on your face
Sleep on a loaf
Here in my can I can piss in a cup
Scrounge for some change
Do what I want I can lose
Here in my van I can eat my small squid
Dance the can-can
With my feet in the air
Here in my can I can play the
Last tape
Play my small uke
Write stupid songs
Like this one
Haven't slept in days, but that's OK.
Gonna let 'er eat
Cat pizza road apples coffee shun
Vivarin
Have a little snack
Put in a quarter and play road rally
Driving sown the dark corridor
Fall asleep and wake up in
another place
Here in my can I can hate everyone
Wait for no girls to call me in the middle of the night
Here in my van I can lose my small mind
