I think about it baby all the time, alright
It feels so good it must be a crime, alright
I want to do it baby everyday, alright
In a bed, on the stairs, anywhere, alright
I want to do it baby all the time, alright
Cause when we do it girl it's so devine, alright
I could be guilty for my honesty, alright
Forget to tell you what you mean to me, alright
I want to do it baby all the time, alright
Cause when we do it girl it's so devine, alright

I could be guilty for my honesty, alright
Forget to tell you what you mean to me, alright
I want to do it baby all the time, alright
