There's some people hangin outside
Got the goods, got enough for a ride
It took three whole days to get me out
That's what I'm fuckin talkin about

Could you get me something
To fuck around with my head and my mind
Could you get me something
Could you get me something
I could use
I could use

There's a little girl I know
She called me up on the telephone
And she said, boy, you got something to prove
So come on and make your move

Could you get me something
I could use
