Not so far from here there's a very lively atmosphere,
everybody's goin there this year
and there's a reason the season never closes there
love and pureness you'll find everywhere
people always having fun down there, so come along

I'm on my way to cuba, that's where I'm goin,
Cuba, that's where I'll stay
Cuba where whine is flowin

and the dark eyed fellows, like the fellas wanna tell us
Cuba where it's all happy,
Cuba where all is gay
Why don't you plan a wonderful trip down to havana,
hop on a ship,
and I'll see you in C-U-B-A
why don't you plan a wonderful trip down to havana,
hop on a ship,
and I'll see you in C-U-B-A
