Were having a baby, my baby and me  
You'll read it in Winchell's  
That we're adding a limb to our family tree  
We're pushing our carriage  
How proud I will be  
There's nothing like marriage  
Ask your mother and father and they'll agree  
He'll have toys, baby clothes

He'll know he's come to the right house  
By and by, when he grows  
Maybe he'll live in the White House  
Our future gets brighter  
But definitely  
We're having a baby  
We're having a baby  
We're having a baby  
My baby and me
