I want to complete you,  
To be with only you,  
And to share the lovely view.  
You are my everything.  
You are what makes up my dreams, as I lay to go to  
sleep.  
As our hearts collide, and I see the bright light, as I  
have you here by my side.  
Falling through the sky,  
I will hold on to you, and I swear that we'll make it  
through.  
If we last together, it'll be because of love (With just me  
and you)  
My heart beats faster, when I'm with you (This has to be  
fate, dear)  
I want to hold onto this, forever on now,  
You're the one, you're the one.

You're the one who makes life worth living,  
If I hold your hand,  
Would you ever let it all go?  
When you fall, I'll in catch you in my arms,  
No matter what.  
If I had it all, it'd be with you in my life.

Your smile, makes everything worthwhile.  
You give me all the hope, when I feel like I'm let go.  
There's nothing more that I'd rather see,  
Than you, happy as can be.  
You're what shines my days when it rains,  
You're my everything.  
Rain or shine, I'll catch you when you fall,  
I'll be there for you during it all.  
I want you to see,  
You're the girl for me.  
If we last together, it'll be because of love (With just me  
and you)  
My heart beats faster, when I'm with you (This has to be  
fate, dear)  
I want to hold onto this, forever on now,  
You're the one, you're the one.

You're the one who makes life worth living,  
If I hold your hand,  
Would you ever let it all go?  
When you fall, I'll in catch you in my arms,  
No matter what.  
If I had it all, it'd be with you in my life.  
If I had it all, it'd be with you in my life.
