Overwhelming fear  
As all nightmares come to life  
Extracted pain unfolds within this realm of fear  
A change of visions extend my mind  
Psychotropic pulse  
I am the chosen one "Satan's son"  
A flash of shivering stardust enlightens  
The truth beyond the portals  
Reality's borders fade "replaced by liquid  
glass"  
Modulation tunes reveal  
All your tears unleashed  
All souls wrapped in plastic and wonder how  
It must hurt to see all the fears unleashed  
A battlefield of indescribable beauties  
Like silver statues that glide  
In everlasting oceans depths  
Legions march onwards in their perpetual cycle  
But soon our journey reach it's end  
And since ages I felt that kind of satisfaction  
As my one and only axe strike hits the hand  
Of my chosen victim that kneels crying before me  
Oh how I enjoyed to see him cry and finally die  
Now your prophetic redeemer is dead  
But take a look around and understand  
What has changed, say to do really miss him?  
So forget all set up morals  
And let eternal wisdom flow  
Cosmic revelation "demonic incarnation"  
Collective concentration "total devastation"  
Psychotropic pulse  
I am the chosen one "Satan's son"  
A flash of shivering stardust enlightens  
The truth beyond the portals  
Set ablaze the fires of Satan
