My thoughts have never been this cold in life  
But never again I'll live and breathe amongst mortals  
You've summoned me once  
And my rise is your torment...  
Your immortality was that close to you  
As close as your death now  
And now I watch you die my mortal slaves  
I cause realities end...  
Listen - a whispering, a crying  
Some vague and pulsing imprint  
Of long - ago suffering and death  
Thousands will be perished in smoke and ashes  
Imagine your lifetime back when you were born  
It's lost...  
All over the world your kind will be destroyed  
This is my rebirth - don't cry...  
Tu Es Diaboli Juna  
Du wirst dich immer erinnern -  
An diese Nacht voller endloser Schmerzen  
Sanctus Satanas - Ave Satanas  
Rege Satanas - Dominus Satanas  
Bezeugt meinen Ritus - Bezeugt meinen Sieg  
Es ist vollbracht
