Do you like the way I kiss you,  
How I'm right on your lips?  
You see, I wanna get into you,  
And do you like it like this?

Are we making love or it's just for fun?  
Should I care? 'cause I'm loving this.

I wanna flip you around, take you down,  
Or do it on the floor, baby.  
You're screaming out loud, making that sound.  
I can see this when you turn your neck,  
And I wanna, and I wanna

Put it down on you, put it down on you, baby,  
Down on you, put it down on you, baby.

Put it down on you, put it down on you, yeah  
Put it down on you, put it down on you.

Girl, I like the way you're body's calling me  
And you caress me, I want you to undress me now.  
And I know I tell myself to love you, I gotta stop myself  
So baby girl, let's do this one more time.

I wanna flip you around, take you down,  
Or do it on the floor, baby.  
You're screaming out loud, making that sound.  
I can see this when you turn your neck,  
And I wanna, and I wanna

Put it down on you, put it down on you, baby,  
Down on you, put it down on you, baby.

Put it down on you, put it down on you, yeah  
Put it down on you, put it down on you.

Down on you, put it down on you, baby.  
Down on you, put it down on you, baby.

Put it down on you, put it down on you, yeah.

Put it down on you, put it down on you, yeah, yeah.
