Ura Fucking Loser:

As i bake in this rancid oven that we call earth

Hard to breath

Thru filth and muck that rides our air

All i taste

The bile phlegm collects within

Feeling like shit

Again again again again

URA FUCKING LOSER AND YOU ARE NOTHING

Never rise

Stuck within the depths of wich i dwell

No way out

Feel i'll meet my maker soon

I'm just waiting to die and take a different form

I am cold

Smiling as hate keeps burning in my soul

URA FUCKING LOSER AND YOU ARE NOTHING

NOTHING

You're a fucking loser

That's all that you'll be

You are a fucking loser

Not me

YOU'RE A FUCKING LOSER AND YOU ARE NOTHING

FUCK OFF YOU AINT SHIT
