As I bake in this rancid oven that we call earth, hard to  
breathe through filth and muck that  
Rides our air. All I taste, the bile phlegm collects within.  
Feeling like shit, again, again,  
Again, again! URA FUCKING LOSER AND YOU ARE  
NOTHING! Never rise, stuck within the depths of  
Which I dwell. No way out, feel I'll meet my maker soon.  
I'm just waiting to die and take a  
Different form. I am cold, smiling as hate keeps  
burning my soul. URA FUCKING LOSER AND YOU ARE  
NOTHING! You're a fucking loser! That's all that you'll  
be. You're just a fucking loser! No, not  
Me! URA FUCKING LOSER AND YOU ARE NOTHING!  
FUCK OFF YOU AIN'T SHIT!
