Forget tomorrow  
You're loyal tonight  
You're hung up on the touch of another  
Lover  
You may be human  
Body and mind  
Who's in control of your brain  
When your heart's gone blind?

It feels so real  
You can't help yourself (you can't help yourself! )  
If your not made of steel  
You've gotta sit yourself down  
And tell yourself...

It takes discipline  
When you find someone  
When you're deep inside,  
Not to come undone.  
When temptation tastes  
Too dangerous,  
It takes discipline  
When you make love.

Born out of passion  
It's hard to hold on.  
It's easier to drown in an ocean  
Of emotion.  
So wind you up and  
Get down to your soul.  
When every night a stranger comes knocking  
But you're sleeping alone.

You don't want to bleed  
'Cause you've been hurt before (You've been hurt  
before! )  
Surrender to your needs  
But, Love, protect yourself  
'Cause love is war...

It takes discipline  
When you find someone

When you're deep inside,  
Not to come undone.  
When temptation tastes  
Too dangerous,  
It takes discipline  
When you make love.  
It takes discipline  
When you make love.

And it feels so real  
You can't help yourself (you can't help yourself! )  
And your not made of steel  
You've gotta sit yourself down  
And tell yourself  
It might feel like heaven but it might be hell...

It takes discipline  
When you find someone  
When you're deep inside,  
Not to come undone.  
When temptation tastes  
Too dangerous,  
It takes discipline  
When you make love.

It takes discipline  
When you find someone  
That you want so bad  
That it drives you mad.  
When a kiss just isn't  
Hot enough,  
It takes discipline  
When you make love.  
It takes discipline  
When you make love.  
(It takes discipline  
When you find someone  
When you're deep inside,  
Not to come undone.)

When you make love.  
(It takes discipline  
When you find someone  
When you're deep inside,  
Not to come undone.)

It takes discipline  
When you find someone  
When you're deep inside,  
Not to come undone.  
It takes discipline

When you find someone  
When you're deep inside,  
Not to come undone.

Uh huh...
