We used to
Talk forever on a dime
Now we live together
Never find the time

We use to walk
As lovers on the sand
Now we're working full time
On our lifetime plan

We never stop to see
The moon at night
We're just too busy
Leading complicated lives

(CHORUS)
Whoa, whoa, whoa
I remember love on a rooftop
We couldn't make our love stop
We were giving all that we got
Whoa, whoa, whoa
I remember holding you so tight
Ooh, when kissing lasted all night
Whoa, whoa, whoa
Love on a rooftop
Whoa, whoa

Look at us now
We're all grown up
We got it all together
Got it all sown up

But is this all
It all was leading to
Do we just run out of dreams
When all our dreams come true

Whatever happened
To those endless nights
When we were happy living
Young and foolish lives

(CHORUS)

Whoa, whoa, whoa
We never stop to see
The moon at night
We're just too busy
Leading complicated lives

(CHORUS)

Whoa, whoa, whoa
I remember living on a big road stop
We couldn't make our love stop
We were giving all that we got

I remember holding you so tight
Ooh, when kissing lasted all night
Whoa, whoa, whoa, love on a rooftop
Woo, baby, leave me on a rooftop

I remember, I remember
I remember us, darling
We couldn't make our love stop
We were giving it all
Giving it all we got

I remember holding you so tight
I remember, I remember...
