"Compound Pressure"

I am the scumbag that you want to kick,
because your girl - she sucked my dick.
knowing I got a piece of her hide.
Frustration eats you from inside,
I'm the home wrecker and the damage is done.
So we laugh at you as I'm flying the cum,
Your little slut, whore, wife won't be the same,
you make her cum - she screams my name!
You have no power, I devour.
COMPOUND PRESSURE!
swallowed my spunk with no disgrace.
I got a big fat cock and I shot her face,
Did her doggy style up her fucking ass,
BILE style - bloody and fast!
Let all my friends dog her when I was through,
crew.
she was thinking of you when she fucked my whole
but I fucked your woman to get back at you.
You have no power, I devour.
I'm the lowest motherfucker now that is true,
COMPOUND PRESSURE!
You ain't nothing, how does it feel
