"Lowest Form"

You are my life, my phantom god. You've got all I
desire. You're not me, that's the strongest point of you.
Abnormal lust, infects
my blood. You are all I admire. I am the lowest form of
you. Piss all over me, I piss all over you. Despise my
life, 'cause I'm not
you. I know that I'm a liar. I am the lowest form of you. I
beat myself for you. I give myself for you. I'll do
anything to, anything
to meet you. I'll lose myself for you. I end myself for
you. I'll do anything to, anything to make you...piss all
over me. I am the
lowest form of you.
