"Light Up The World"

Visit "[Light Up The World](#)" on MotoLyrics.com

I'm gonna believe that we will see the Kingdom come to earth,
I'm gonna believe that signs and wonders follow hearts that burn,
I'm gonna believe that sickness sin and poverty will cease,
I'm gonna believe that power from the heavens will release.

Oh let Your Kingdom come on earth
And let your will be done,

Yeah light up the world with your love,
Rain down on our hearts like a flood,
Our eyes will see the glory of God,
Our eyes will see.

I'm gonna believe that fathers and their children will unite,
I'm gonna believe that marriage will not end without a fight,
I'm gonna believe that churches will become Your hands and feet,
I'm gonna believe that acts of love and kindness will increase,

Oh let Your Kingdom come on earth
And let your will be done,

Yeah light up the world with your love,
Rain down on our hearts like a flood,
Our eyes will see the glory of God,
Our eyes will see.

As You light up,
As You light up,
As You light up the world
Send Your glory
Send Your glory
Send Your glory
Send Your glory

Send Your glory
Send Your glory
Send Your glory
Send Your glory

Yeah light up the world with your love,
Rain down on our hearts like a flood,
Our eyes will see the glory of God,
Our eyes will see the glory of God,
Our eyes will see the glory of God,
Our eyes will see the glory of God,
Our eyes will see the glory of God,
Our eyes will see the glory of God,
Our eyes will see the glory of God,
