you pave the way for my robbing leech  
there are no bounds and the souls are free  
when rivers run backwards and the time stands still  
you'll stand in my path than you will see

all I need is just ten foot ground  
and no emotion can stop the sound  
of aggressions that leave you alone to your blood  
evocation of everlasting brotherhood...

I'm tired of your slan-derous mockery  
you're just a traitor without daredevilry  
I have to face the man who wanna take my life  
you know that I'm prepared for the fight

hey ho, the final row  
mournful fatal misery  
hey ho, the final row  
with my gun and me

all I need is just ten foot ground  
and no emotion can stop the sound

of aggressions that leave you alone to your blood  
evacuation of everlasting brotherhood...

you see the tension in my staring eyes  
look at my hand that's leap and strike  
don't wait to long and stop to breathe  
cause heaven awaits that somebody decease

all I need is just ten foot ground  
and no emotion can stop the sound  
of aggressions that leave you alone to your blood  
evocation of everlasting brotherhood...

hey ho, the final row  
mournful fatal misery  
hey ho, the final row  
with my gun and me

we took a little trip just you and me

the lead that put us out of misery  
no one will ever hold us in contempt  
decision between the quick and the dead...
