"Satisfy"

All of my shame You erased
You gave me Your beauty in its place
All of my sorrows You exchanged
For a joy that never fades
You are my everything
Everything You are is everything to me
You satisfy me
You satisfy me
With the riches of Your hand
Everything I am is all because of You
You satisfy
All of the things that hold my heart
All of the pleasures of this life
Cannot compare to who You are
And the treasures of Your love
You are my everything
Everything You are is everything to me
You satisfy me
You satisfy me
With the riches of Your hand
Everything I am is all because of You
You satisfy me
You satisfy me
And I lay my life down
My trophies and my crowns
All because of You
You satisfy
