You come like you promised you would  
I want to surrender for good  
I know that i need you  
And i dont want to keep living life alone

So take my heart  
and make it new  
make it true  
And make it like you  
Take my hands  
I lift them high  
They're yours not mine to do  
Do what you will  
Do what you will  
Do what you will

I feel like a blind man in you sight  
I know that im wicked in your eyes  
So wash me and make me shine like the sun  
I want to tell everyone  
that youre the only one

So take my heart  
And make it new  
Make it true  
And make it like you  
Take my hands  
I lift them high  
They're yours not mine to do  
Do what you will  
Do what you will  
Do what you will

Im ready now  
Im ready now  
Im ready now  
Do what you will  
Im ready now  
Im ready now  
Im ready now  
Im ready now  
Im ready now

Im ready now  
Do what you will  
Im ready now  
Im ready now  
Im ready now

So take my heart  
and make it new  
make it true  
And make it like you  
Take my hands  
I lift them high  
They're yours not mine to do  
Do what you will  
Do what you will  
Do what you will

Im ready now  
Im ready now  
Im ready now  
Do what you will  
Im ready now  
Im ready now  
Im ready now  
Do what you will  
Im ready now  
Im ready now  
Im ready now  
Do what you will  
Im ready now  
Im ready now  
Im ready now
