Never Stop
Never Stop
Never Stop
Never Stop
Never Stop

Chasing, chasing...

Every time I walk away
You are here a waitin'
And even when I turn my back
You are still sayin' You love me

Every time I look at You
The world starts fadin'
And when I hear You call my name
I can't help sayin' I love You

I LOVE YOU!

I will never stop chasing You
I will never stop running after You...
Are all I want forever

Every time I walk away
You are here a waitin'
And even when I turn my back
You are still sayin' You love me

Every time I look at You
The world starts fadin'
And when I hear You call my name
I can't help sayin' I love You

I LOVE YOU!

I will never stop chasing You
I will never stop running after You...
Are all I want forever
