You are the one that I desire,  
You are to me so irresistible,  
You're touch can set me right on fire  
And I can be so unpredictable

oh, oh, oh passion, yeah passion  
I feel it deep inside when you're so close to me  
passion, yeah passion  
take me in your arms and I will make you sing

Chorus:  
Opa Opa, Opa Opa  
Opa let's get together  
Opa Opa, Opa Opa  
let's dance in sunny weather  
Opa Opa, Opa Opa  
this time we'll stay forever  
Opa Opa, Opa Opa  
Oh you make me oops oops

All that I feel is this attraction  
That is moving me so close to you  
Now is the time I need some action  
Come over here show me the best of you

oh, oh, oh passion, yeah passion  
I feel it deep inside when you're so close to me  
passion, yeah passion  
take me in your arms and I will make you sing

Chorus (x4)
