Sanctify me
Clean out my closet
Take away anything
That is not pleasing to You

Purify me
Destroy all my anger
Wash away everything
That is not pleasing to You

I will be white as snow
I will be pure as gold
Jesus my heart must know
I'm pleasing to You

I give my life my all
Taking the cross I will follow
Jesus my heart must know
I'm pleasing to You

Sanctify me
You are the light to guide me
To the place where I am
Only pleasing to You

Oh, come and purify me, Lord
I need your light inside me
So the darkness flees
And I can be pleasing to You
