You come like you promised you would
I want to surrender for good
I know that i need you
And i dont want to keep living life alone

So take my heart
and make it new
make it true
And make it like you
Take my hands
I lift them high
They're yours not mine to do
Do what you will
Do what you will
Do what you will

I feel like a blind man in you sight
I know that im wicked in your eyes
So wash me and make me shine like the sun
I want to tell everyone
that youre the only one

So take my heart
And make it new
Make it true
And make it like you
Take my hands
I lift them high
They're yours not mine to do
Do what you will
Do what you will
Do what you will

Im ready now
Im ready now
Im ready now
Do what you will
Im ready now
Im ready now
Im ready now
Im ready now
Im ready now

Im ready now
Do what you will
Im ready now
Im ready now
Im ready now

So take my heart
and make it new
make it true
And make it like you
Take my hands
I lift them high
They're yours not mine to do
Do what you will
Do what you will
Do what you will

Im ready now
Im ready now
Im ready now
Do what you will
Im ready now
Im ready now
Im ready now
Do what you will
Im ready now
Im ready now
Im ready now
Do what you will
Im ready now
Im ready now
Im ready now
