(Wally)

Mary Lou Tunner with The Po' Boys

(Bill) We'll move right along with the music right now. I hope that maybe this will be a song you will enjoy. I was trying to think tonight as we made up the program of different songs that might fit tonight. And since it seems almost impossible that we can be standing in London, England and they can be listening to us all over the world. I thought the title of this song was kind of appropriate. It's called A World Of make Believe.
