[Bill]

Good evening dear how did things go did you have a
good day today

I hope she doesn't notice that traces of Mary's lipstick
that I just light away

[Mary Lou]

Okay I guess but that dog's gotta go but he always gets
in my way

And he almost bit Charlie when he caught him sneakin'
in the backdoor today

[Bill]

That's the good dinner dear think I'll have a beer
maybe it'll help me unwind

Really I'd like to sneak ou and meet Mary tonight but
she like get suspicious this time

[Mary Lou]

I'm so tired think I go to bed remember to turn out the
lights

I really am tired but it's not from the work and I hope
he's as tired as I am tonight

[steel - guitar]

[Bill]

Well goodnight have a good sleep wake me on time
won't you dear

I almost slipped up and called to Mary I hope that she
didn't hear

[Mary Lou]

Goodnight honey please don't worry I'll wake you in
time for your bus

But I know about Mary and we're just one big happy
family Charlie Mary and us

[Both]

I know about Charlie (and I know about Mary)

We're just one big happy family Charlie Mary and us
