"Come Back"

My feet don't have much use for a new pair of shoes
First I wasn't crazy bout the St Louis blues
And I recall there was a time I used to hate to dance
But I'm glad I gave them all a second chance
(Come back) come back baby (come back)
This time we'll make our bed on higher ground
(Come back) I need you baby (come back) it'll be better
the second time around

Once is not enough and goodbye is not the end
How many times did we go see Gone With The Wind
(Come back) come back baby...
