(Jimmy Gateley - Weldon Myrick)
Bill Anderson & Jimmy Gateley

I never thought too much about the things that lovers
say
They never had a meaning until today
I didn't care to hear them but now I do
They suddenly mean everything coming from you.

Coming from you they're not the words they used to be
Coming from you I know they're meant for only me
When you say you love me I know you do
It could be no other way coming from you.

--- Instrumental ---

Coming from you they're not the words they used to be
Coming from you I know they're meant for only me
When you say you love me I know you do
It could be no other way coming from you.

Coming from you...
