Well honey I know I've said it too many times before
I said I'd never say it again I guess I shouldn't say
anything at all
Since you're supposed to belong to him
But I just can't let you go without tellin' you just how
much I love you
So that is why I'm gonna say it one more time
Honey come back I just can't stand it each lonely day's
a little bit longer
And the last time I held you seems like a hundred years
ago
Back to his arms and never know the joy of love that
used to taste like
Honey come back where you belong to only me

Well I guess that's about all I've got to say
I'm just gonna take my bags now I'm gonna walk
I know those bright lights're callin' you honey big fine
cars and fancy clothes
But if you ever want somebody to just love you
And some day you just may you just give me a call
You know where I am and here's what I'll say
Honey come back...
Honey come back where you belong to only me
