When I first saw you I saw something I hadn't seen in a
long long time
I saw a lady who looked like a woman who could drive
me right out of my mind
But I also saw your diamond and your golden wedding
band
I know you're married but I've gotta ask you how
married are you Mary Ann
Are you so married that you can't see me looking at
you with hungry eyes
Are you so married that you'd deny me just one night in
paradise
I wanna hold you I wanna kiss you I wanna love you all I
can
I know you're married but I've gotta ask you how
married are you Mary Ann
How married are you Mary Ann how much of a chance
do I stand
On a scale of one to ten how married are you Mary Ann
[ac.guitar]
Surely surely you can see me trembling trembling to
hold you tight
I'm not talking about forever I'm just talking about
tonight
I wanna touch you I wanna watch you slip that diamond
off of your hand
I know you're married but I've gotta ask you how
married are you Mary Ann
How married are you Mary Ann...
How married are you Mary Ann
