I DON'T KNOW HOW TO FIX IT

Writers Bill Anderson, Steve Wariner

RECORDED BY STEVE WARINER AND BY WILDFIRE

She brought some perfume from Paris  
And I bought some brand new cologne  
She made a candlelight dinner  
And I put some soft music on  
We sat by the fire waiting for desire  
To lift us up and take us far away  
But she started getting sleepy  
So I turned on the TV  
One more night of love just went to waste  
Well it's broke and I don't know how to fix it  
There's not a day goes by that I don't miss it  
Yeah, love jumped the track and we just can't get it  
back  
I still love that woman so  
But it's broke and I don't know how to fix it  
She said, "A change of scenery  
Might just be the very thing we need."  
I said, "What about Las Vegas?"  
She said, "What about Miami Beach?"  
We ended up in Denver  
I never did convince her  
That we'd reached the perfect compromise  
She said, "I hate cold weather."  
I said, "But we're together."  
And she said, "Yeah, that's where the problem lies."  
Well it's broke and I don't know how to fix it  
There's not a day goes by that I don't miss it  
Yeah, love jumped the track and we just can't get it  
back  
I still love that woman so  
But it's broke and I don't know how to fix it  
Well love doesn't come with blue prints, instructions or  
plans  
I wish love had a road map so I could find where I am  
Well it's broke and I don't know how to fix it  
There's not a day goes by that I don't miss it  
Yeah, love jumped the track and we just can't get it

back  
I still love that woman so  
But it's broke and I don't know how to fix it  
I still love that woman so  
But it's broke and I don't know how to fix it...
