(Don Robertson)

They said our love was just emotion  
That in time it would slowly fade away  
But time just deepen my devotion  
I love you more and more every day.

The day you made those tender vows beside me  
My joy was more than words could ever say  
And darling, still it grows and grows inside me  
I love you more and more every day.

--- Instrumental ---

The day you made those tender vows beside me  
My joy was more than words could ever say  
And darling, still it grows and grows inside me  
I love you more and more every day.

I love you more and more every day...
