I WONDER WHAT THE WEATHER'S LIKE IN CHARLESTON

(Moneen Carpenter)

Though you never talked of all ways you were gentle  
And life was simple just because you cared  
I never thought too much about tomorrow  
I just could not imagine you're not here  
I wonder what the weather's like in Charleston  
Someone said they heard that's where you've gone  
I hope it doesn't rain today in Charleston  
For I want you always walking in the sun  
I'm sure you never meant to leave me hurtin'  
But I guess the urge to go got out of hand  
So you left without a word of explanation  
I hope somehow you know I understand  
I wonder what the weather's like...
