Appreciate ye callin' me Charlie invitin' me to go out
tonight with you and the boys
Drink one for me won't ye Charlie flirt with all the girls
and make lotsa noise
Live it up like we used to do we sure had fun together
in the good ol' days
But I'm happily married and plan on staying that way
I'm happily married Charlie you remember the good
lookin' girl from Lewieville
We've got a place in the country green grass fresh
clean air and the rolling hills
I don't go out much anymore only place is back and
forth to work every day
I'm happily married and plan on staying that way
I'm happily married and plan on staying that way
I found what I want and I ain't gonna let it get away
I appreciate you invitin' me to come out and play
But I'm happily married and plan on staying that way
[steel]
Drop around some time Charlie you know how much we
both like to see you again
Give my best to all of the guys and tell 'em I'll be there
tonight in spirit with them
They might laugh and call me square
But ain't a one of them that wouldn't trade places with
me
Cause I'm happily married and plan on staying that
way
I'm happily married...
I'm happily married and plan on staying that way
