Just for you just for you that's why I say the things I say
and I do the things I do
No one else can make my arms feel like they're
wrapped around the world
Yes I live my life just for you (just for you)

Each day I wake up with a kiss just for you
And I count my many blessings and I thank the Lord for
you
And each minute of the day I live a dream that has
come true
Yes I live my life just for you
Just for you just for you...
Yes I live my life just for you (just for you)
