[Both]

Let me take you away let me take you away love there's
still time let me take you away

[Bill]

Did he tell you he love you this morning before he left
(no)

Did he kiss you when he got back home

[Mary Lou]

No he just came in and opened up a beer and sat down
by the TV alone

Did she cook your favorite dinner last night (no)

Did she wear something sexy to bed

[Bill]

No she just took off her makeup rolled up her hair
reached for a book and just read

[Both]

Let me take you away let me take you away love there's
still time let me take you away

[Bill]

Do you get the feelin' there's more to life than this

[Mary Lou]

Yes we were not gonna find out who we are

(I'd follow you to the end of the world) and I'd follow
you twice that far

[Both]

Let me take you away let me take you away

[Bill]

From the dark and lonely night (into a world of love
tonight)

I'll be oh so good to you (I'll do anything you want me
to)

[Both]

Love there's still time let me take you away

Let me take you away let me take you away love there's
still time let me take you away
