A bell's not a bell till you ring it
a song's not a song till
you sing it

I believe what the wise men say
love's not love till you
give it away

And there's nothing like giving love to you
you're my only dream that's ever come true

The Lord made you for me to love you
love you every day

Love's not love till you give it away

[steel]

A kite's not a kite till you fly it
a bow's not a bow till you
tie it

I believe what the wise men say
love's not love till you
give it away

And there's nothing like...

Love's not love till you give it away
