Make mine night time honky tonk women and bright  
signs I gotta play  
At the end of the day  
Give me the lights of the city and the feel of a woman  
against me and I'm on my way  
Places faces jokers they play like they're aces kings  
and queens in shadowy scenes  
Where the wine and the love are flowin'  
And the lady you meet let you know she's goin' your  
way

When the sun sinks low and the working people go  
home  
And the night life part of the city starts to turn on yeah  
Jukebox cowboys're playin' the blues goodtime  
ladies're makin' their moves  
Counting the neon blow no one's alone  
So make mine night time...  
[ guitar ]  
Make mine night time...  
I say make mine night time...
