RECORDED BY JIMMY GATELEY

I just took my last ten dollars from my pocket  
I said I'd like some change if you don't mind  
The bartender asked me how I'd like it  
I said nickels quarters and dimes  
I spread my silver out across the table  
I said money get her off my mind  
I thumbed the cash in all of my old mem'ries  
With these nickels quarters and dimes  
Nickels tip the waitress dimes play the jukebox  
And quarters buy me wine wine wine  
Now there's seven empty bottles on the table  
Money's runnin' short and so is time  
Turn the jukebox up and I'll drink faster  
Hurry nickels quarters and dimes  
I just noticed the waitress has the same first name as  
you do  
And on the jukebox why I'd recognize you're singin'  
anytime  
But I didn't know till now they put your picture  
On nickels quarters and dimes  
Nickels tip the waitress dimes play the jukebox  
And quarters buy me wine wine wine  
And quarters buy me wine wine wine
