Her love was sweet while I was living high
A fancy house a big new car to drive
But like all good things that had to come to an end
Sugar daddy went low on dough now she don't show
around here no more.

No more money, no more honey
Oh, I'm broke I'm sad and blue
Nothin' but a poor boy I'm havin' no joy
No more money, no more honey.

--- Instrumental ---

No more money, no more honey
Oh, I'm broke I'm sad and blue
Nothin' but a poor boy I'm havin' no joy
No more money, no more honey.

No more money, no more honey...
