"One More Sexy Lady"

You're one more sexy lady a true piece of heaven's art
You're one more sexy lady and I love you with all my
heart
Sexy lady with all my heart

I like the sexy way you build a fire in the fireplace
Then lay me down and rub my back and build another
fire in my soul
And I like the sexy way you pour the wine and light the
candles
And kiss me and make me warm when I'm cold

I like the sexy way you take your gentle fingers and
softly touch my body
And prick its sin like all the world stands still
And I like the sexy way I fall asleep in your arms
And when I wake up I'm not dreaming it's all real
