Think of your fellow man lend him a helping hand put a
little love in your heart

You see it's gettin' late oh please don't hesitate put a
little love in your heart

And the world will be a better place and the world will
be a better place

For you for you and me and me you just wait you just
wait and see and see

Another day goes by and still the children cry put a
little love in your heart

If you want the world to know we won't let hatred grow
put a little love in your heart

And the world will be a better place...

Take a good look around and if you're looking down
put a little love in your heart

I hope when you decide on just who'll be your guide put
a little love in your heart

And the world will be a better place...

Put a little love in your heart each and every day

Put a little love in your heart everybody

Put a little love in your heart go now put a little love in
your heart
