STAY WITH ME

(James P. Pennington)

© '78 Careers Music

Well I don't know what makes you wanna go
Baby you won't let your feelings show
Now you're leaving me all alone
And I'll be just another broken heart when you're gone
Stay with me just a little bit longer lay with me till I'm a
little stronger
I can't feel the night alone without love
Baby have a little mercy on me tell me girl you won't
leave me lonely
Stay and let's talk awhile about love
All I want is one last night with you
Come the morning do what you wanna do
So it won't be all in vain
Stay this one last night with me and help me ease the
pain
